

Product specifications:

Outputs: 1x16A phase + 1 neutral

Options:

- 8 operations buttons:
 - 6 timer buttons
 - 1 on/off button
 - 1 for additional functions (Scenario, Duplicate)

Inputs: 1 phase + 1 neutral

IR SENSOR: Built-in

Mini speaker: Built-in

Rated Voltage: AC 110-230V, 50/60 Hz

Standby current: 60mA

Updates: Firmware Over The Air (FOTA)

Front panel:

- 1.5 mm glass cover
- 8 operating buttons + 1 function button
- RGB LED indicator for each button

LED indicator: Different color indicator for each operating mode

Operating frequency: 2400-2483 MHz

Transmission power: 0.04w

Transmission bandwidth: 20 MHz

Wi-Fi Frequency: 2.4GHz 802.11b/g/n

Modulation: DSSS, CKK, OFDM

Weight: 0.167 KG

Energy metering range: 50-3600w
